

Mediterranean Tree Crops

The course aims to:

- To give students basic knowledge about Mediterranean Tree Crops: Olive, Citrus (Orange, Tangerine, Lemon, Grapefruit, Citrus, Bergamot, Frapa, etc.), Pomegranate, Fig and Carob.
- To direct the cultivators so that these crops become more competitive.
- To recommend ways of applying improved cultivation methods that are related to reducing costs and improving the quality of the products produced, ensuring at the same time the protection of the environment and the safety of workers and consumers.
